

# LINDEN POSTCARD SHOW 2021-22

Consider your environmental  
impact when making and  
posting your work

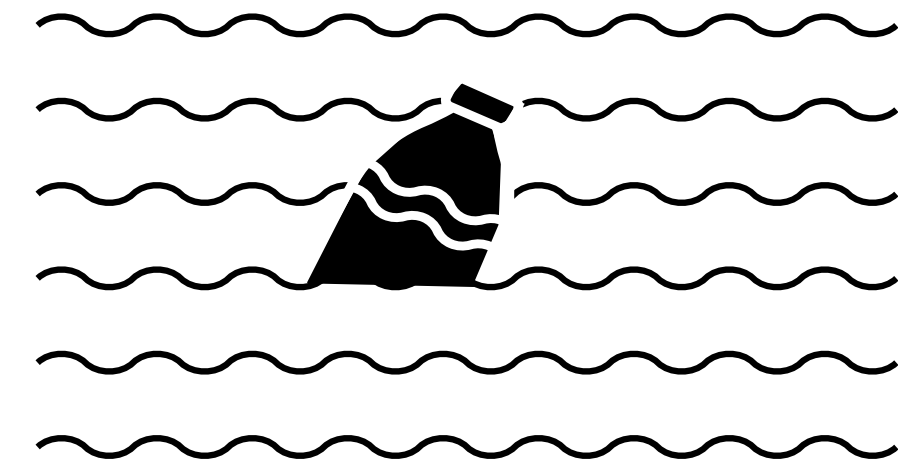

# Help us to reduce the impact on the environment where possible by

Use reclaimed and recycled materials such as old newspapers to pad out your package instead of bubble-wrap.

Save up and reuse packaging from other things, such as cardboard boxes, bubble wrap, boxes, polystyrene, packing peanuts

If you have to buy new materials, avoid plastic as much as you can. Recycled paper is generally the best option when it comes to packaging materials.

# Recommendations for buying new materials

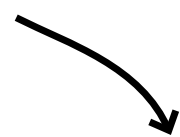

Where to buy sustainable new materials

EcoCern

Green Solutions in Hurstbridge

Maltese Cross Cartons

Hexcel Wrap is the best bubble wrap alternative, but it is not waterproof like bubble wrap

Hexcel Wrap | [giftpackaging.com.au](http://giftpackaging.com.au)

Hexcel Wrap | [abldistribution.com.au](http://abldistribution.com.au)

Hexcel Wrap | [ecocern.com](http://ecocern.com)

Consider the postage itself, as a lot of the impact of postage is in the delivery. Sendle is a good option

[sendle.com](http://sendle.com)

Sendle has a simple set of [guidelines](#) for doing contactless drop off and pick up too.
